

1. Attorneys, Landscape Architects, Surveyors and others have defined their practices in recent years in ways that would've harmed planners in Wisconsin or even made it illegal for planners to be involved in planning without having a licensed member of these other professions involved. Rather than continue to be pushed into defensive situations do you support the efforts of the Wisconsin Chapter of the American Planning Association to establish legislation that defines the practice of planning and the title of professional planner and creates a system of licensure in the State of Wisconsin.

|     |   | Response Percent | Response Count |
|-----|---|------------------|----------------|
| Yes |  | 52.8%            | 95             |
| No  |  | 47.2%            | 85             |

2. If Wisconsin were to adopt licensure requirements for professional planners that included specific examination or experience criteria, they should include (select one or more responses):

|   |   | Response Percent | Response Count |
|---|---|------------------|----------------|
| Minimum Experience of 15 Years          |  | 17.4%            | 26             |
| <b>Membership in AICP</b>               |  | <b>65.1%</b>     | <b>97</b>      |
| Pass a written Wisconsin Licensing Exam |  | 51.0%            | 76             |
| Be licensed in another state            |  | 18.1%            | 27             |
